“We worked together with Dynamic Construction on several residential and retail projects in Manhattan involving foreign investors. I found Dynamic Construction to be extremely responsible, great integrity, very flexible and dedicated. Their engineer background is an important asset to their expertise in renovation.”

Sibyl De Germay, S.DG DESIGN

"Form follows function – that has been misunderstood.
Form and function should be one, joined in a spiritual union."

Frank Lloyd Wright

Park Slope, Brooklyn

"Dynamic Construction are amazing to work with! I know when I do a buildout with them they will deliver a project that exceeds my design expectations and will get the job done on time!"

Allison Sanders, Designer,

Cobble Hill, Brooklyn

“Marine Layer opened our first two East Coast stores in Manhattan and Brooklyn, and used Dynamic Construction for both buildouts. We’re based in San Francisco so we needed to manage these buildouts remotely. Jamal made the entire process easy for us and went above-and-beyond to ensure we opened on schedule and within our budget. We couldn’t be happier with how our stores turned out, we’d highly recommend Dynamic.”

Josh Gladding, Marine Layer

West Village, Manhattan

“The ornament of the hues is the friends who frequent it.”

Ralph Waldo Emerson

Upper West Side, Manhattan

Whatever good things we build end up building us.
